- **UI/UX Tools:** Figma, Framer, Canva
- **Design Processes:** Wireframing, Prototyping, Responsive Layout Design
- **Design Principles:** User-Centered Design, Typography, Color Theory, Visual Hierarchy

Technical Skills
- **Front-End:** HTML, CSS, JavaScript, React
- **Version Control:** Git, GitHub
- **Soft Skills:** Creativity, Time Management, Collaboration & Communication

PROJECTS

Personal Portfolio Website ⧉
  Tools: Figma (wireframing & UI design), HTML, CSS, JavaScript (implementation)
- Created wireframes and high-fidelity UI designs defining layout, color palette, and typography.
- Built a responsive portfolio website showcasing design and development projects.Prioritized interaction design, usability, and accessibility to ensure seamless experience across devices.

Bakesy – Online Bakery Concept ⧉
  Tools: Figma (Wireframing & UI Design)
- Designed complete wireframes and high-fidelity UI layouts for a playful bakery brand, focusing on visual hierarchy and intuitive navigation.
- Applied gradients, bold typography, and creative content sections (hero CTA, product highlights) to reinforce brand storytelling and user engagement.

Interactive Portfolio Website ⧉
  Tools: Figma (Wireframing & UI/UX Design), Framer (Responsive Build)
- Worked directly with a client to design high-fidelity UI/UX prototypes in Figma, focusing on visual hierarchy, brand styling, and clear user flows.
- Brought the designs to life in Framer, building interactive, fully responsive layouts with reusable components, animations, and breakpoints for mobile, tablet, and desktop.

Avengers Hero Legacy – Concept Design ⧉
- **Tools:** Figma (UI/UX Concept & Interactive Prototyping)
- Designed an interactive UI concept in Figma celebrating Marvel heroes,with structured layouts and cinematic visual hierarchy.
- Crafted engaging character pages featuring bios, signature powers, and key milestones, woven into a cohesive, brand-like storytelling flow.
- Built an interactive prototype with seamless navigation between hero profiles to simulate a dynamic user journey and immersive preview experience.
